

RADICAVA® (edaravone) is on the VHA National Formulary^{1,a}

Those who have served in the military are about twice as likely to develop ALS as those who have not served.^{2,3}

The VA/VHA*:

- Recognizes ALS as a service-connected disease and provide medical and financial support to those with at least 90 continuous days of military service^{3,4,b}
- Provides resources, education, and support to caregivers of veterans⁵
- Provides access to treatment, including RADICAVA®¹
- Offers some benefits to a veteran's spouse or children, even if the veteran has passed away due to ALS⁶

***Eligibility requirements may apply. Veterans should always contact the local VA for more information and any questions regarding benefits coverage.**

VA=Veterans Affairs; VHA=Veterans Health Administration.

^aSubject to National Prior Authorization criteria.

^bA service connection for ALS for any veteran who develops the disease at any time after separation from service.

Actor portrayals.

Important Safety Information

Before you receive Radicava® (edaravone), tell your healthcare provider about all of your medical conditions, including if you:

- have asthma.
- are allergic to other medicines.
- are pregnant or plan to become pregnant. It is not known if Radicava® will harm your unborn baby.
- are breastfeeding or plan to breastfeed. It is not known if Radicava® passes into your breastmilk. You and your healthcare provider should decide if you will receive Radicava® or breastfeed.

Please see full Prescribing Information and Patient Information.

Radicava®
(edaravone) IV infusion
30mg/100mL

Veterans diagnosed with ALS

May be eligible for treatment with RADICAVA® (edaravone) and other benefits from the VA^a

100% disability **COMPENSATION** benefits⁷

Disability compensation benefits are based on disability rating and dependent family members.⁸

Eligibility requirements may apply. Veterans should always contact the local VA for more information and any questions regarding benefits coverage.

Actor portrayal.

Veterans may qualify for additional, nonmedical benefits.
Check with the local VHA enrollment center or military treatment facility DEERS office for more information.^{6,7,9-11}

DEERS=Defense Enrollment Eligibility Reporting System.

^aTo be eligible for treatment with RADICAVA®, veterans must be enrolled in the federal program.

Learn how veterans can get started on RADICAVA® at [ALSVeterans.com](https://www.alsveterans.com).

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

What are the possible side effects of Radicava®?

- Radicava® may cause serious side effects, including hypersensitivity (allergic) reactions and sulfite allergic reactions.

- Hypersensitivity reactions have happened in people receiving Radicava® and can happen after your infusion is finished.
- Radicava® contains sodium bisulfite, a sulfite that may cause a type of allergic reaction that can be serious and life-threatening. Sodium bisulfite can also cause less severe asthma episodes in certain people.

Please see full Prescribing Information and Patient Information.

Radicava®

30mg/100mL

RADICAVA[®] (edaravone) benefit access^a

Enrolled in the federal healthcare system (VHA or MTF/TRICARE)?

YES

Already in the federal healthcare system:

- Will need a referral to an ALS- experienced VHA physician¹²
- May be able to make an appointment online or by contacting their local VA¹²
- TRICARE holders can go to <https://tricare.mil/ContactUs/CallUs> for more information^{13,14}

Eligibility requirements may apply. Veterans should always contact the local VA for more information and any questions regarding benefits coverage.

NO

Not currently enrolled in the VHA healthcare system and may still qualify for ALS treatment through the VHA.¹⁵

To get started with the VHA, apply¹⁵:

ONLINE
VA.GOV/HEALTHBENEFITS/ENROLL

BY CALLING
1-877-222-VETS (1-877-222-8387)

IN PERSON
at a local VA medical facility

Retired veterans are eligible for TRICARE and may qualify for certain VA health benefits. If the veteran is separating from service due to a service-connected illness, they may be eligible for VA healthcare benefits and certain TRICARE benefits.¹⁶

Learn how veterans can get started on RADICAVA[®] at ALSVeterans.com.

MTF=Military Treatment Facility.

^aFor illustrative purposes only.

Sulfite sensitivity can happen more often in people who have asthma than in people who do not have asthma.

- Tell your healthcare provider right away or go to the nearest emergency room if you have any of the following symptoms: hives; swelling of the lips, tongue, or face; fainting; breathing problems;

wheezing; trouble swallowing; dizziness; itching; or an asthma attack (in people with asthma).

- Your healthcare provider will monitor you during treatment to watch for signs and symptoms of all the serious side effects.
